

The guide to the mining industry in Southern Africa

# Mining Prospectus

## About Mining Prospectus

Mining Prospectus is an informative bi-monthly publication that speaks to the leaders and key decision makers in the mining industry about the many developments, investment trends, new technologies, mineral prospecting and business opportunities therein, as well as providing solutions to challenges within this dynamic industry to ensure positive growth and development.

This eye-catching publication is dedicated to informing members of the South African Chamber of Mines as well as other leaders in the industry in both the public and private sectors of the latest advancements in South Africa and beyond.

With an experienced and studious editorial board, crisp layout, respected contributing writers and attention to detail, Mining Prospectus is fast becoming South Africa's premier mining magazine.
